

Central Consolidation Force Main Sewer Area Upgrades (Phase II)

City-Parish #09-FM-MS-033B

Advertise for Bids: **4th Quarter 2011**
 Project End: **3rd Quarter 2014**

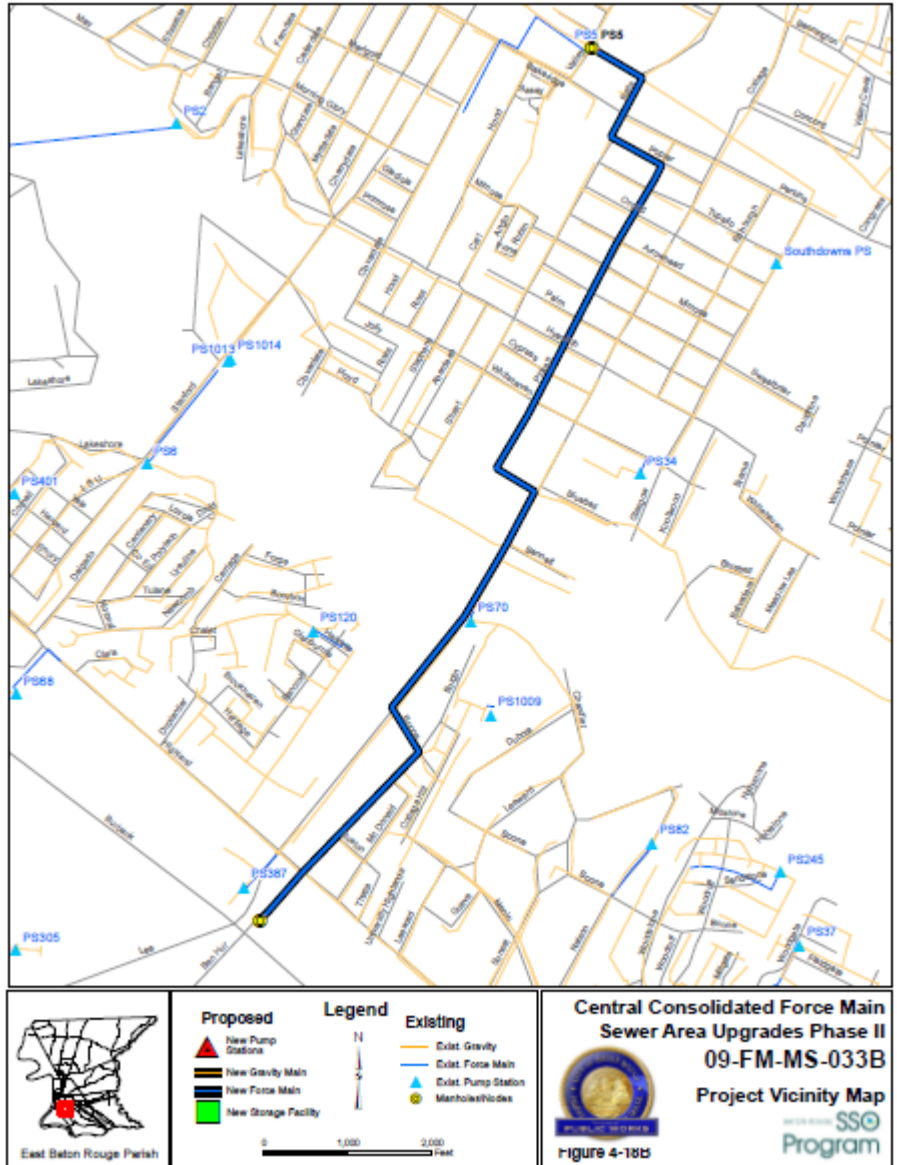

This project includes the design and construction of the force main to convey flow from the Central Basin to the South WWTP thereby facilitating the closure of the Central WWTP. Phase II includes installation of 12,640 linear feet of force main.

Design of the Central Consolidation – force main project started in November 2008.

Approximately 12,640 linear feet of new 42-inch force main will be constructed in the project area.
