

# Capitol Lake Dr - Gayosa St / 25th St - N Acadian Thwy Sewer Area Upgrades

City-Parish #07-PS-BD-0048 & GS-UF-0008

Advertisement for Bid: **2<sup>nd</sup> Quarter 2010**  
 Project End: **2<sup>nd</sup> Quarter 2012**

The purpose of this project is to re-route flow from PS15 and PS19 so that they directly pump through a common force main and manifold with the force main from to PS60 to increase the capacity of the system. The new PDP adds construction of gravity segments to improve constructability and scheduling issues.

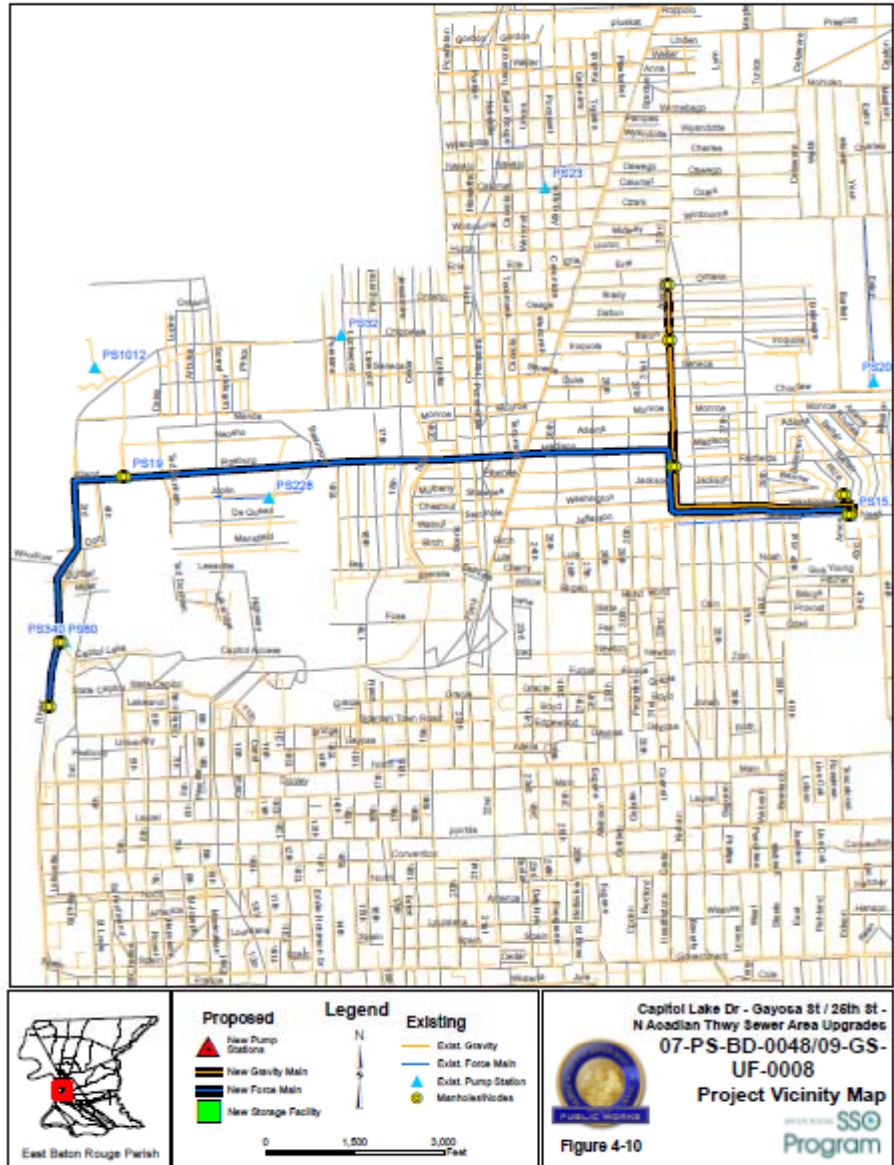

Manhole inspections provide insight into pipeline conditions in the project area.

Gravity main and forcemain will be upgraded in the project area.

Gravity main will be upgraded in the project area.
