

Oak Villa Blvd - Monterrey Blvd Sewer Area Upgrades

City-Parish # 11-FM-MS-0025

Project Start: **2nd Quarter 2011**
 Advertise for Bids: **2nd Quarter 2014**
 Anticipated Project End: **1st Quarter 2017**

This project includes the upsizing of the gravity sewer upstream of PS16 and PS51 and the force main from PS16 and PS18, which is being upgraded as part of the Florida Blvd PS Improvements) project.

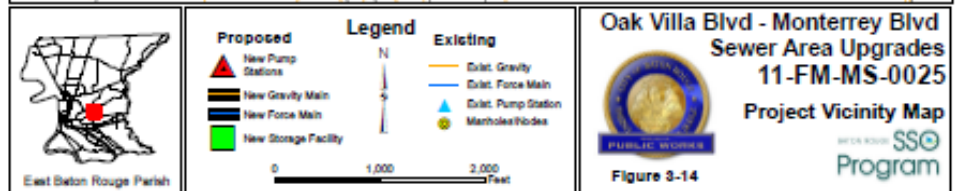

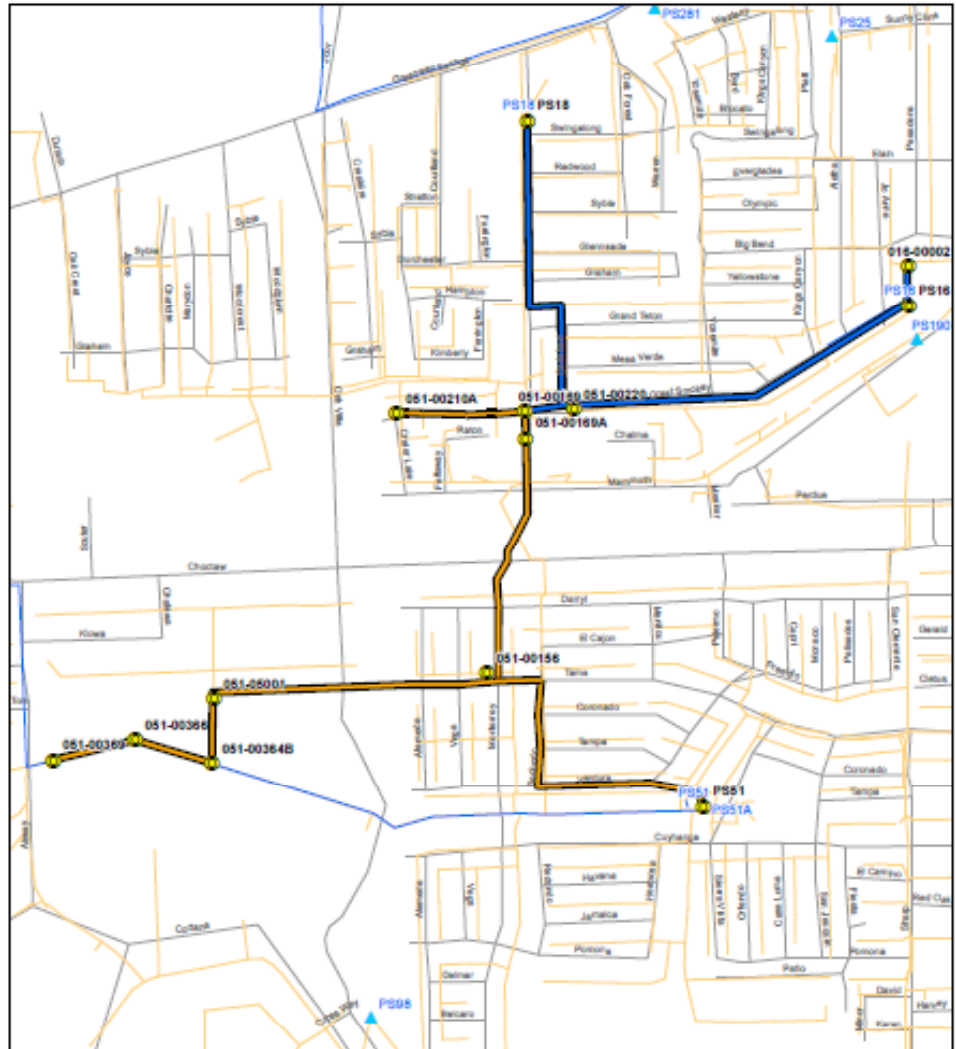

Collection system pipe sizes range from less than a foot to over six feet in diameter.

Flow measurements are taken throughout the collection system to determine the correct pipeline size.

Approximately 4,100 linear feet of new 42-inch forcemain will be constructed in the project area.
