

Plank Rd - Port Hudson Pride Rd Sewer Area Upgrades

City-Parish #11-FM-MS-0036

Project Start: **3rd Quarter 2011**
 Advertise for Bids: **3rd Quarter 2015**
 Anticipated Project End: **1st Quarter 2017**

This project is primarily located north of Zachary with upgrades to the collection system near Baker included as part of that system upgrade. It is designed to alleviate chronic SSOs at the pump stations and increase the overall force main capacity.

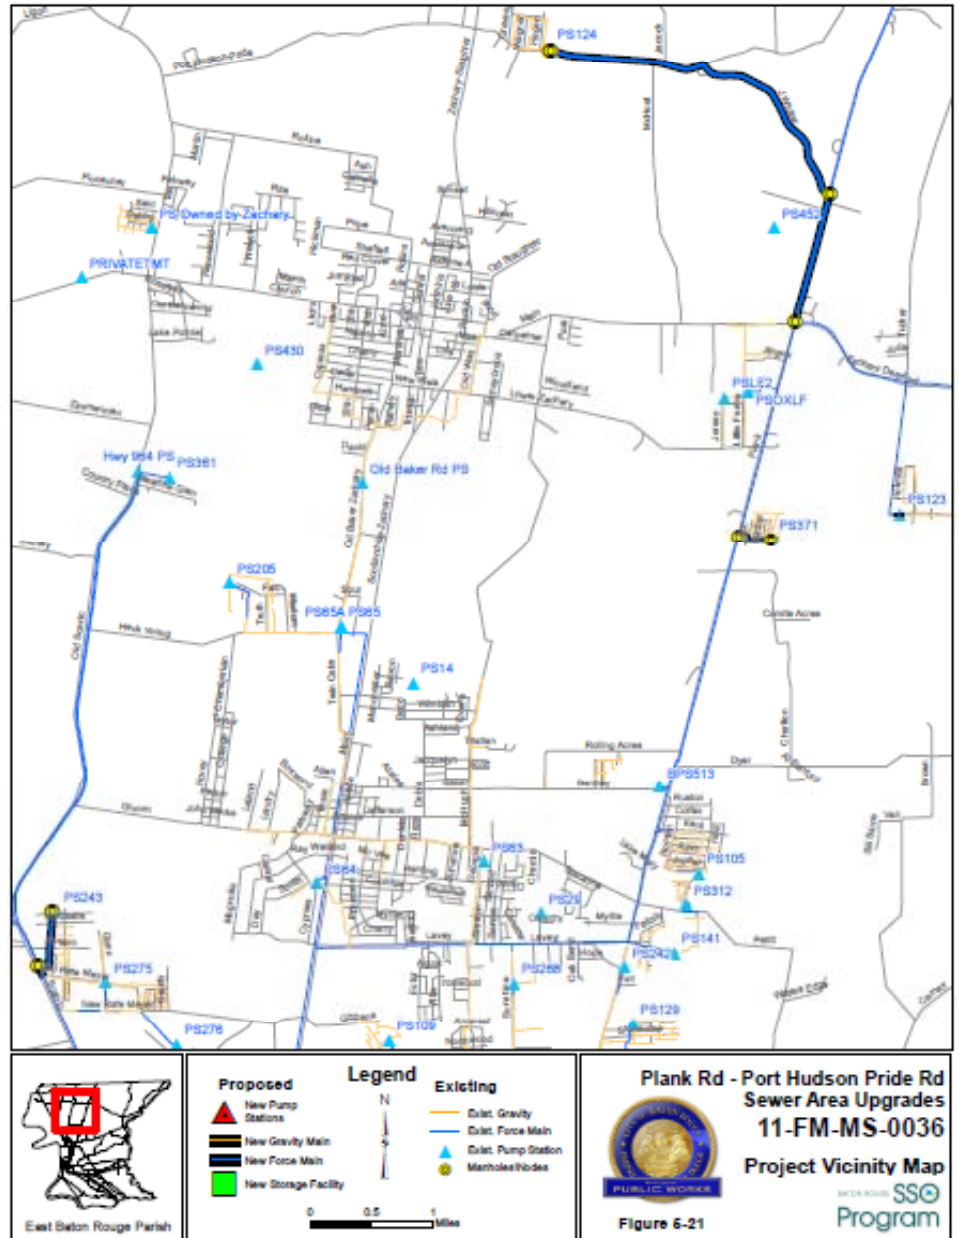

Collection system pipe sizes range from less than a foot to over six feet in diameter.

Flow measurements are taken throughout the collection system to determine the correct pipeline size.

New submersible pumps wrapped from the factory and ready for installation into wet wells.
